River Room Dimensions/ Booth Space	Ceiling Heights	Special Notes:
Ohio Tennessee Mississippi Cumberland Total = 114 Booths	River Rooms: 11'10" Presidential Rooms: 9' Madison/Van Buren/McKinley: 7'10"	Setting head tables in River Rooms off kitchen wall and folding walls will decrease space for banquet setup. • Head tables not set on dance floor may reduce seating capacity for theater and classroom style seating. • Handicapped access will decrease sitting space.

These calculations are an approximation of room capacity. Extra room square footage will need to be subtracted to accommodate staging and audio-visual requirements, especially near projection. Also allow for any obstructions, actual shape of the room, number of exits and local fire codes.
